Melbourne, VIC

## EDUCATION

---

**Bachelor of Information Technology**  
**Monash University (2021–2024)**  
Major: Software Development | WAM: 72.5  
(Distinction)

## TECHNICAL PROJECTS

---

**Capstone Project – Best Business Deals (B2B Telecom)**  
*CakePHP, HTML, CSS, JavaScript, SQL, Git, cPanel*  
*(Winner: Monash Student Choice Award for Best Website)*

- Collaborated with a real-world client to build a dynamic website for managing telecommunications packages and customer enquiries.
- Designed and implemented a custom CMS with WYSIWYG editor and real-time preview to streamline content updates for non-technical staff.
- Used Git for collaboration and CakePHP/SQL for backend development, delivering on client specifications within an Agile framework.

**KeepTabs iOS Mobile App**  
*Swift, Google Cloud API/Firebase, GIT & Heroku*

- Developed an iOS app for tracking and managing shared expenses.
- Swift as the primary development language for seamless integration with iOS.
- Google Cloud API & Firebase for real-time data syncing and storage.
- Heroku-hosted service for handling push notifications and automation.

**Analytic Dashboard Bot for Slack**  
*Slack API, Python, Gmail API, GIT & Heroku*

- Developed a Slack bot for automated analytics reporting using
- Slack API for application integration.
- Gmail API to grant secure access to emails for extracting sales data.
- Python for scraping and processing sales data from emails.
- Heroku for deployment and automation.

## PROFESSIONAL EXPERIENCE

---

**Co-Owner & Director**  
**BOSS-COMMERCE PTY LTD.**  
September 2022 - Present

- Operate an e-commerce business processing 500+ monthly orders via Shopify and Webflow.
- Manage end-to-end logistics, customer support, and website development.
- Oversee digital marketing, supplier coordination, and business automation initiatives.
- Implemented systems to streamline order fulfilment and improve customer satisfaction.

**Team Member**  
**K-Mart Clayton**  
April 2020 - February 2022

- Delivered frontline service and managed in-store & click-and-collect order processes.
- Handled customer inquiries, supported multiple departments, and maintained stock compliance.
- Recognised for speed, reliability, and adaptability in high-traffic retail periods.

**Crew Member**  
**McDonald's Clayton South**  
February 2018 - March 2021

- Handled cash transactions, food prep, and order fulfilment in a fast-paced team environment.
- Developed strong multitasking, teamwork, and problem-solving skills under pressure.
